Before using this unit, carefully read the sections entitled: “USING THE UNIT SAFELY” and “IMPORTANT NOTES.” These sections provide important information concerning the proper operation of the unit. Additionally, in order to feel assured that you have gained a good grasp of every feature provided by your new unit, Owner’s manual should be read in its entirety. The manual should be saved and kept on hand as a convenient reference.

IMPORTANT NOTES

In addition to the items listed under “USING THE UNIT SAFELY,” please read and observe the following:

Placement
• Do not expose the unit to direct sunlight, place it near devices that radiate heat, leave it inside an enclosed vehicle, or otherwise subject it to temperature extremes. Excessive heat can deform or discolor the unit.

Handling the board
• To avoid the risk of damage to internal components that can be caused by static electricity, please carefully observe the following whenever you handle the board.
• Before you touch the board, always first grasp a metal object (such as a water pipe), so you are sure that any static electricity you might have been carrying has been discharged.
• When handling the board, grasp it only by its edges. Avoid touching any of the electronic components or connectors.
• Save the bag in which the board was originally shipped, and put the board back into it whenever you need to store or transport it.

Making connections
• To prevent malfunction and/or damage to speakers or other devices, always turn down the volume, and turn off the power on all devices before making any connections.

* In the interest of product improvement, the specifications and/or contents of this package are subject to change without prior notice.
